ENVIRONMENTAL POLICY

AMI-CON Supplies Ltd is committed to meet and exceed the obligations imposed by environmental legislation.

The management recognise that the company's activities have an impact on the environment. Therefore, we take the necessary actions to ensure we limit the effect as much as possible, by enforcing high environmental standards in all our activities, improving efficiency and we aspire to meet the requirements of ISO 14001 standard.

The company is committed to:

- Disposing of chemicals and hazardous waste by using approved and authorised sources.
- Reducing the amount of material scrapped by ensuring the highest stock turn possible.
- Recycling waste by re-using packaging materials.
- Reducing multiple deliveries by promoting consolidated shipments.
- Reducing use of all energy sources where possible.
- Having a continued efficiency improvement initiative.

As a minimum, we will comply with all relevant environmental legislation; in addition, we will strive towards excellence through continuous improvement initiatives.
It is essential that every employee recognises that it is his or her duty to uphold and conform to this policy. This is communicated to all new employees and reinforced with ongoing staff training.

The management will take all reasonable steps to ensure that employees work within this ethic and will consider views, feedback, and suggestions of all employees where the environmental policy can be improved upon.

This policy will be formally reviewed to meet any changes to legislation, and these will be implemented across the business.
